

Product Description

The TC5000 is a professional 2-channel amplifier in Class D Technology. The 19" standard size with 1.5U height makes it ideal for installations where space matters. The backpanel contains 2 input XLR connectors, as well as 2 output speaker connectors. In order to simplify wiring it is possible to get 2 outputs at one connector by using a 4-wire connection. A wide range 100V-240V AC input makes the TC5000 for use around the world without the need of modification or manual switching.

The TC5000 has advanced protection circuits against DC, Overvoltage, -temperature and -current.

Technical Data

Description:	Professional 2-Channel Amplifier
Technology:	Class D Amplifier
Rated Power:	Switching Mode Power Supply with PFC
	2x 2500W@8Ω
	2x 4600W@4Ω
	2x 5400W@2Ω
Input Connection:	Symmetrical XLR
Output Connection:	SPEAKON 4-Pin
Power Requirements:	AC 100~240V 50/60Hz
Volume Control:	Front Panel
Dimensions (WxDxH):	483mm x 404mm x 66.5mm
Net Weight:	8.9kg
